Introduction *Einleitung*

Dear Customer,

Thank you for your trust in Geringhoffs products and services.

Our team passionately works to help you get the most out of your harvest, and boost your productivity and yields with powerful, reliable harvesting solutions.

This Spare Parts Catalog offers extensive information about available spare parts for your Geringhoff harvesting head.

Due to the complexity of the machines, and the great variety of different solutions Geringhoff offers, it is possible that some spare parts listed will offer multiple choices.

Should this list not offer detailed and clear information to the parts you are needing, please contact our Parts Service Team.

We are continuously improving our products and technical documents, and are open to your feedback at info@geringhoff.de.

Sehr geehrter Kunde,

vielen Dank für Ihr Vertrauen in die Produkte und Dienstleistungen von Geringhoff.

Wir arbeiten mit unserem Team leidenschaftlich daran, Sie bei der Ernte zu unterstützen und Ihnen mit leistungsstarken und zuverlässigen Lösungen zu mehr Produktivität und besseren Ergebnissen zu verhelfen.

In der vorliegenden Ersatzteilliste erhalten Sie umfassende Informationen zu verfügbaren Ersatz- und Verschleißteilen zu Ihrem Geringhoff Erntevorsatz.

Auf Grund der Komplexität der Erntevorsätze und der großen Vielfalt unterschiedlicher Lösungen, die Geringhoff Ihnen bietet, ist nicht auszuschließen, dass die Ersatzteilliste eine Mehrfach-Auswahl einzelner Bauteile bereithält.

Sollte die vorliegende Ersatzteilliste keinen klaren Aufschluss über die benötigten Teile bereithalten, wenden Sie sich bitte an unser Service-Team.

Wir arbeiten kontinuierlich an der Verbesserung unserer Technischen Dokumente und freuen uns über Ihre konstruktive Kritik an info@geringhoff.de.

-
- This exploded perspective view illustrates the assembly of a mechanical device, likely a conveyor system. The main components are two long, parallel tracks (12 and 13) with a series of triangular-shaped elements (14 and 15) attached to them. These tracks are supported by a series of vertical supports (16 and 17). The assembly is shown in a disassembled state, with dashed lines indicating the relative positions and movement of the parts. The parts are numbered 1 through 63, with some numbers appearing multiple times to indicate identical components. The assembly is shown in a perspective view, with the tracks and supports arranged in a parallel fashion. The exploded view shows the tracks (12 and 13) with the triangular elements (14 and 15) attached to them. The supports (16 and 17) are shown below the tracks, and the vertical supports (18 and 19) are shown to the right. The assembly is shown in a disassembled state, with dashed lines indicating the relative positions and movement of the parts. The parts are numbered 1 through 63, with some numbers appearing multiple times to indicate identical components. The assembly is shown in a perspective view, with the tracks and supports arranged in a parallel fashion.
